*More than 1,200 programs and  
services at your fingertips.*

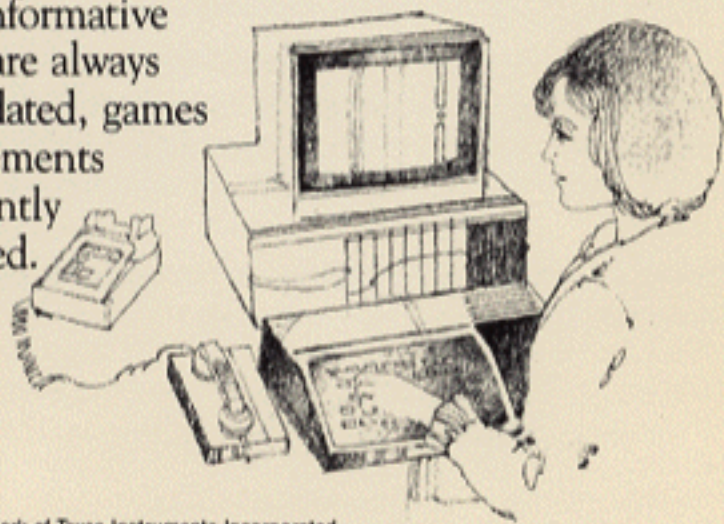

# TEXNET<sup>SM</sup> Information Service convenience, new knowledge

TEXNET is a special edition of The SOURCE<sup>SM</sup>, an on-line, computer information and communication service developed by the nation's pioneer information utility: Source Telecomputing Corporation. It has been specifically designed to support many of the special features of The Texas Instruments Home Computer.

With TEXNET Information Service you have access to up-to-the-minute news and sports as well as specific feature articles; you can get a complete package of financial and business information including current stock quotes and portfolio management services.

The TEXNET Information Service offers over 1,200 different programs and includes a library of informative subjects, educational tools for children of all ages, electronic games, shop-at-home services, and much more.

You can check airline schedules, make hotel and airline reservations, take a French lesson or buy a refrigerator. As an on-line system, TEXNET service enhances your Texas Instruments Home Computer by giving you an ever-changing, ever-increasing data bank to draw from. Timely information like news, sports and stocks are always current; informative programs are always being up-dated, games and amusements are constantly being added.

# can bring new interests, new to everyone in your family.

Here are the special TI Home Computer services you'll receive.

TEXNET<sup>SM</sup> Information Service was designed to help you get the most from your Texas Instruments Home Computer. You can exchange software with other users, get technical updates and find out about new products and announcements from Texas Instruments. You can access libraries for sound and music, as well as for color graphics. You can even listen to the UPI news with the addition of the optional Solid State Speech<sup>TM</sup> Synthesizer. Some of the special TEXNET services include:

**TI News**—An electronic newsletter with product and technical announcements from Texas Instruments.

**TI Software Exchange**—Software exchange of more than a hundred free programs.

**TI Voice Chat**—Spoken, interactive communication from other on-line users made possible by using the optional Solid State Speech<sup>TM</sup> Synthesizer.

**TI Phonetic Dictionary**—A growing library of over 2,000 entries; offers phonetic spelling of words which are helpful when programming with the "text-to-speech" feature of the Terminal Emulator II (sold separately by TI).

**TI Help**—How to use TEXNET.

**TI Software Directory**—A listing of the latest software available for the TI Home Computer.

**TI User Group**—A nationwide listing of Texas Instruments user groups and who to contact.

**TI Service Centers**—Listing of locations for maintenance and repairs on Texas Instruments equipment.

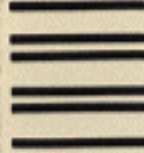

**TI Graphics Library**—A constantly expanding graphics library that you can download or view.

**TI Music and Sound Library**—A library of musical scores and sounds available for use in your own programs.

**TI Logo Exchange**—Exchange for many LOGO procedures.

**TI Submit**—Enables TEXNET users to submit software programs electronically to any of TI's software exchanges, including the International 99/4 Users-Group, Inc.

## **The TEXNET<sup>SM</sup> Information Service is easy to use ...**

You can access the TEXNET Information Service with a minimum of additional equipment. You need only the Terminal Emulator II, RS-232 Interface\* and the Telephone Coupler (Modem). Then when you want to use the TEXNET service you just dial a local number in over 350 cities, type in your private ID account number and type in your commands in plain English. You don't have to be a computer expert to use it, you can even program your own systems into TEXNET as easily as typing a letter.

\*Or RS-232 Card and Peripheral Expansion Box.

## **... and economical.**

TEXNET Information Service is available for an initial one-time subscription fee of \$100. The user costs are remarkably low ... less than 13 cents per minute during evenings and weekends, 35 cents per minute during weekdays and about 10 cents per minute from midnight to 7 a.m. Usage Fees: \$7.75/hour on weekends and evenings from 6 p.m. to midnight. \$20.75/hour on weekdays from 7 a.m. to 6 p.m. \$5.75/hour from midnight to 7 a.m. \$10 minimum monthly charge.\*

\*Prices subject to change.

## **Here's how you subscribe.**

You can sign up for TEXNET<sup>SM</sup> Information Service at any authorized TEXNET dealer. If there's no dealer in your area, use the coupon to contact us directly and we'll send you an application for TEXNET service.

# The **TEXNET<sup>SM</sup>** Information Service offers a truly remarkable range of more than **1,200 programs and services.**

You get all the communications and information services provided by **The SOURCE<sup>SM</sup>** — America's pioneer on-line computer utility.

**UPI NEWS SERVICE** — Get the latest news before it's printed. UPI sports and news can be on-line, exactly when you want it, within minutes after its release. Keyword search capability lets you extract stories of specific interest from news happening anywhere in the world.
